Child of Light who brings
the darkness, how did you
put out the sun?

How lucky we are in
failure, dooming so many
more to suffer from
your bloated sense of
importance.
Do you whince at the
base simplicity of your
impetus? All that you
are, I am.
Fleshly after thought, you
have outlived your
usefullness.

There will be no great
speech- your last gasp is
suitable greeting for
damnation eternal.
